ABOUT US

- **Siderpali** is an historical brand, italian leader of the industrial sector in the manufacturing of poles, high masts and towers in steel.
- The factory is located in Anagni (FR), a strategic point in the **center of Italy**.
- We are part of the turkish **Mitas Group**, which has more than 60 years of combined experience and expertise, exporting in more than 135 Countries.

COMPETENCE

- With many years of experience, proven quality and flexibility in the production of custom-designed and high-end products, we are a reference in the Italian market.
- We are competitive along all the process: from the project, to the production, until the installation and the maintenance.
- We also provide after sale customer care.

INNOVATION AND CREATIVITY

KNOW-HOW

We believe and invest in the inner know-how of our employees, in order to provide quality services.

NEW PROJECTS

Siderpali is focused on continuous improvement of existing products and in the application of the most updated technologies for the development of new products.

PRODUCTION

We have recently installed a new plasma welding process, which will improve the welding characteristics and aesthetics of the final product.

NEW LINES

Siderpali invests in design, creating tailor-made solutions. We develop urban furniture for smart cities.
